The Pac-Bell Ballpark site contains 12.5 acres. The site assembly consists of a former Caltrans property (3.6 ac.), which was acquired by the Real Estate Division, portions of former Berry and Second Streets (1.3 ac.), and lands of the Port of San Francisco (7.6 ac.).

The entire site is now under the jurisdiction of the Port of San Francisco, which entered into a 66-year ground lease with the Giants for the private development of an open-air waterfront ballpark. The ballpark was completed on schedule for the 2000 baseball season.

Mission Bay Land Use Plan: In July 1999 a series of Land Exchange Agreements between the City, Port, State and Catellus Development Corporation were recorded which resolved long-standing title and ownership disputes between the parties and transformed the patchwork ownership of the land into developable parcels for both public and private interests consistent with the approved Mission Bay Development Agreement and Specific Plan.

Some of the public benefits the developer will provide as part of the project include a new Police/Fire Station, a new street grid pattern improved to current City standards, up to 1,100 affordable rental and for sale residential units, and approximately 50 acres of parks and community facilities. Also, both Catellus and the City donated approximately 43 acres to house University of San Francisco's new administrative offices and research facilities.

FIGURE 2 PROPOSED LAND USE DEVELOPMENT PROGRAM

555 – 7th Street: The City exercised the purchase option in its Lease Agreement and acquired this 3-story building, which houses the Public Defender and Sheriff. The acquisition cost was financed through the issuance of Certificates of Participation. The building is managed by the Real Estate Division.

525 Golden Gate Avenue: The Real Estate Division was successful in acquiring the State of California building located at 525 Golden Gate Avenue. The building was damaged beyond repair by the 1989 Loma Prieta Earthquake, causing the state to vacate the building. The City of San Francisco is now developing plans to demolish the current structure and construct a new facility.

245 So. Spruce, So. San Francisco: San Francisco International Airport has long term plans to expand the airport from 6 million sq.ft. to 18 million sq.ft. The opening of the new International Terminal (2.5 million sq.ft.) this fall is part of this expansion. In order to provide for this expansion, the Real Estate Division negotiated a long-term lease with options for a 560,000 sq.ft. facility on a 22-acre site at 245 So. Spruce Street, So. San Francisco. This facility provides office and warehouse space for various airport programs that can be relocated off of the airport property. A new BART station located next to the property will provide direct access to the airport.

Palou/Phelps:Three parcels totaling 7,500 square feet were acquired for the Recreation & Park Department's open space program in the Silver Terrace district near Palou & Phelps Streets. These parcels, in conjunction with 37,500 square feet previously purchased in 1998, will be preserved as open space to maintain the natural hillside.
